CI BS7 BLENDER

The power blender redefined

THE POWER BLENDER REDEFINED

Introducing our new BS7 power blender, the most powerful blender for your home! Equipped with a powerful 4.6HP motor which even surpasses a washing machine motor, it is designed to maximize power and user comfort. This combined with the durable stainless steel blades, the CI BS7 optimizes blending performance and efficiency. Create beautiful dishes, experiment with fun ingredients and new ways of cooking. The new benchmark in blending!

RELIABLE

Featuring all stainless steel drive socket & Blender blade design ensures excellent durability

POWER

The powerful 4.6HP motor will make sure it can handle any blender task that you want a blender to perform.

DESIGN

Not only is the BS7 Blender an excellent performer. It also looks the part! Fits in any modern kitchen!

INTUITIVE

You're in control with the BS7 blender: turn the control knob and adjust the speed and power of the blender by intuitively adjusting the knob and blend the way you want. Press the dial for a quick pulse without any hassle.

5.5MM TRITAN JAR

Officially licenced 5.5mm thick tritan jar for maximum durability and premium looks. Shatter resistant and BPA free. Shaped for the optimal vortex while blending at high speeds.

tritan[™]

STAINLESS STEEL JAR

Not only does the BS7 come with the 4.5MM Tritan jar, it also comes with a stainless steel jar with it's own blender blades. Perfect for making a hot soup and for use when the perfect hygiene is required.

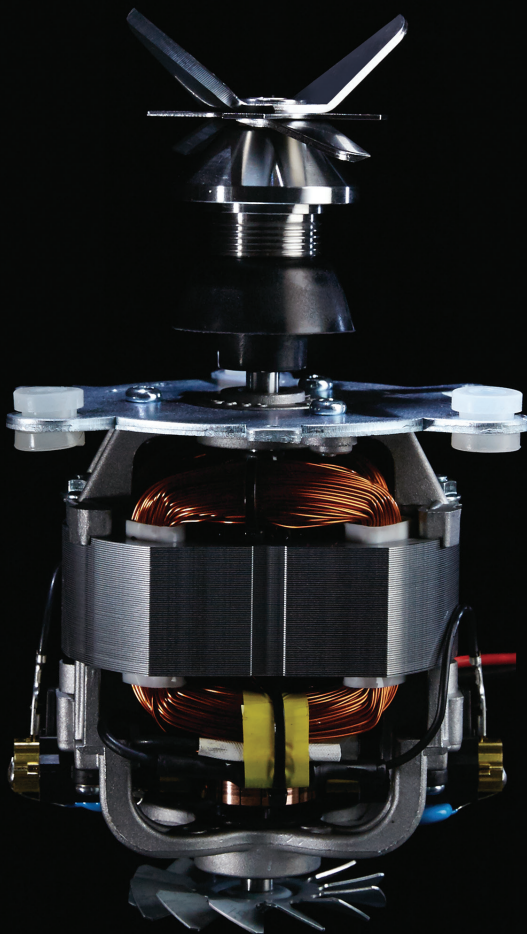

PATENTED 3D BLADES

The patented stainless steel 3D blender blades are shaped in an angle that prevent clogging and bouncing of ingredients inside of the blender jar.

THE MOST POWERFUL BLENDER

The actively air cooled BS7 QUX motor is tuned for the best performance & power in it's class. 4.6HP crushing power directly driving the stainless steel patented 3D stainless steel blades. No other blender comes close, even more powerful than a washing machine!
