

Your Water. Perfected.

ECOWATER DISTILLER (EWSRD1)

We have utilised our extensive experience in distillation technology to produce a retro-look model with up-to-date features, efficiency and safety.

- Standalone unit efficiently distils 4 litres of water in approx.. 3.5 hours
- Eco friendly; unit has built-in delay, fan does not start until the chamber water temperature reaches 70°C, reducing electrical costs
- Hinged condensing lid for safe access & condensation is contained within the sealed chamber.
- Manufactured using high quality plastics and a Teflon heating base for added durability & safety.
- Triple Lock - three level safety cut-out added safety & peace of mind
- 'Set & forget' - unit automatically shuts-off when distillation cycle is completed.
- Easy Clean - pack of EcoWater Distiller Cleaner included to ensure boiling chamber can be kept clean & free of mineral deposits
- Our excellent 2 year warranty & after-sales support with every unit

Specification	EWSRD1
Filling Volume	4 litres
Distillation Capacity	1 litre per hour
Dimensions – (H x W x D)	390 x 290 x 290
Weight	4 kgs
Power Output	500W
RRP (exc VAT)	£312.12
